

INSTALLATION INSTRUCTIONS

Part Number HA-5000

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

INSTALLATION

1. Remove the stock air filter.
2. Clean the inside of the intake tube.
3. Install the provided hose clamp onto the intake tube.
4. Install the K&N Filtercharger® in the air box.

Note: The flange of the K&N Filtercharger® will go inside the intake tube.

5. Press the flange of the K&N Filtercharger® all of the way into the intake tube.
6. Tighten the hose clamp.
7. Replace the air box lid and fasten the clips.

Available to purchase separately

Precharger Wrap; HA-5000PK

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
