

INSTALLATION INSTRUCTIONS

PART NUMBER: SU-1409

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

* **FREE K&N® decal** To register your warranty, please see us online at knfilters.com/register. **FREE K&N® decal** *
Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modification will be required. However the following procedures **MUST** be followed to ensure the proper fit and seal of the K&N® air filter.

If you need any assistance please call 1-800-858-3333 to speak with a representative in our Customer Service Center before returning the product.

INSTALLATION:

1. Remove the air box lid.
NOTE: This application has two air boxes. Installation instructions apply for both air boxes.
2. Remove the screws to replace the dirty air filter. (Fig. 1)
3. Clean all sealing surfaces in the air box.
4. Remove the gasket from the OE air filter. (Fig. 2)
NOTE: The K&N® air filter utilizes the OE gasket and hardware.
5. Install the OE gasket on the K&N® air filter. (Fig.3)
6. Install the K&N® air filter onto the air box using the OE screws. (Fig. 4)
7. Reinstall the air box lid to complete the installation. With the K&N® air filter installed, clean an area on the air box and apply K&N® Stop Decal. The decal will help notify others that this is a reusable air filter.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
